Sporkin initiated a discussion of a problem that has arisen because of a Congressional request to the Nuclear Regulatory Commission for CIA documents which the Agency provided the NRC. One suggestion that was made had to do with a review of how the Agency provides its documents to other agencies. In response to the Director's question on a separate matter, McMahon said that Congressman Rosenthal is willing to negotiate his request for declassification of certain CIA documents.

Stein said that on 16 June testimony will be provided to the HPSCI about coordination between CIA and DoD in certain operational matters overseas. Stein said the problem is less severe than the HPSCI Staff perceives, although there have been some problems with coordinating operations with DoD. As a solution Stein said he has established a focal point within PCS to ensure that all operations considered by the DoD will have appropriate CIA coordination. Stein asked all to ensure that PCS receives a copy of any coordination papers that pertain to joint operations with DoD.
